

Learning, Training & Development

Throughout the world we hear the echo for real change and we thank you for your commitment dedication and hard work in achieving it. As we attempt to save lives we must always remember the Streets are "NO" joking matter! Individuals have lost their lives partaking in this line of work. An innocent mistake may not only be costly to you, but may also have a negative impact on other staff and community members as a whole. At times this work may become stressful, making it equally as important to maintain a strong healthy well-being for both clients and service providers. With that said, it is strongly recommended that service providers working within this sector receive a minimum of 36 (L.T.D.) hours of P.U.R.P.L.E. Anti Oppressive Practice (AOP) framework.

OUTCOMES

- Reduce work fatigue and staff burn out
- Decrease staff turn over ratios
- Achieve impactful results for both clients and service providers
- Learn street centred pedagogy
- Increase client engagement
- Learn valuable tips around work safety and security
- Gain a strong understanding of the various transitioning stages
